It's mounted on the axle—that's why the John Deere is easier on you, easier on your horses, does better work and lasts longer.

JOHN DEERE SPREADER

The patented beater construction gives you these distinctive advantages:

1. A box 6 to 10 inches lower than others—much easier to load.
2. High drive wheels—4 to 8 inches higher than others—gives extra traction—extra power. Load moves back to beater on rollers—saves the horses.
3. The simplest spreader built—no clutches, no chains, no adjustments for you to make—reduces repair bills—the spreader lasts years longer.
4. Beater close to ground—does not throw manure high in air—winds do not cause drifting of manure—does better work. Patented revolving rake prevents bunching.

Come in and see this better spreader—there are many other features on it we want to show you.

Popular Augusta Pressman Recommends Tanlac

Three years of ill health had run William Moody down to 135 pounds. Now tips the beam at 210, feels in first class fettle and gives full credit to Tanlac for amazing recovery

William Moody, of 2 Tobey Street, Augusta, Maine, is a pressman for the Kennebec Journal, and highly respected in the community. His statement offers striking proof of what can be done to relieve suffering. He says, "I suffered from general collapse and nervous depression, lost my health, my appetite, my sleep—in fact I went to pieces completely. The noise of the pressroom was unbearable and wore me to a frazzle."

"My blood grew so thin I was yellow and cadaverous looking. My body shrank so that my clothes hung on me and I was ashamed to meet my friends. Finally I quit work and went to a milder climate. On the train I got talking to a slow traveler and told him my troubles. 'Why don't you try Tanlac?' he asked, and told me of his own experience with it. 'Although I had lost faith in all remedies I decided to give Tanlac a fair trial and I'm mighty glad I did. It picked me up from the first and made me a new man in every way. From 135 lbs. I built up to 210; I feel at the top rung of the health ladder. Now nerves never bother me; I'm at peace with the world, thanks to Tanlac. My wife also has been greatly helped by it and we both join in heartily recommending it.' You can profit by this Mr. Moody's experience. If overwork or neglect has left its mark on you, get a trial bottle of Tanlac. It is nature's own tonic and body builder, made from herbs, roots and barks. Your druggist has it; start in on Tanlac today. Over 52 million bottles already sold.

Lesson for January 2.
Jesus first calls men to be His
disciples. He then calls them to have
fellowship in His service. Those who
receive this two-fold call will walk as
He walked.

Lesson for January 3.

The one who really follows Christ
shall be hated and opposed. Having
fellowship with Christ, he will love his
enemies, do good to those who hate
him, bless them that curse him, pray
for those which spitefully use him.

Lesson for January 4.

The Bible furnishes the Christian
with full knowledge of God and man's
obligation to Him. The only way to
be able to stand firm and true in the
coming perilous times is to be the
outgoing grounded in the knowledge of
the Scriptures.

Lesson for January 5.

Jesus, though divine, resorted much
to prayer. If he needed this fellow-
ship, how much more do His follow-
ers need it.

Lesson for January 6.

Followers of Jesus may expect
temptation, but divine help is avail-
able for every need.

Lesson for January 7.

To every believer has been given
certain talents such as gifts for ser-
vice, knowledge, time, money, to be
used for the honor of His Lord. A
time of reckoning is coming at which
reward will be given for fidelity, and
judgment meted out for infidelity.

Lesson for January 8.

The home is the oldest and most
important institution in the world.
The most effective way of making
strong and pure the church, society
and the nation is to make the home
Christian.

Lesson for January 9.

The subject of the kingdom is un-
der solemn obligation to permanent so-
ciety and his light shine so that
the heavenly father may be glorified.

Lesson for January 10.

Every believer has been given two natures--
the flesh and the spirit. The only way
to overcome the flesh is to be filled
with the Spirit.

Lesson for January 11.

The Lord persecuted to cause the dis-
ciples to be scattered in order for the
widening of the testimony.

Lesson for January 12.

Christ has imposed upon every dis-
ciple the obligation of witnessing for
Him to all the nations of the world.

Lesson for January 13.

The Christian's hope is the personal
return of Jesus Christ to take him to
His heavenly home. When Christ
comes, the body of the believer who
has fallen asleep will be resurrected
and living believers will be caught up
into glory with Christ.

Lesson for January 14.

There never has been an age where
it was not hard to do right than to
do wrong. Just as there has never
been a time when it was not harder
to swim upstream than down--Herald
of Gospel Liberty.

Lesson for January 15.

A light under a bushel, besides be-
ing hid, will go out in a short time for
want of air. Unless one's light shine
for others, they will soon perish in
darkness--Herald of Gospel Liberty.

GREENWOOD—ROWE HILL

School in this village closed, Friday.

The program was in the hands of a committee and was well carried out. Refreshments of cake and homemade candy were served.

Mrs. Nellie Stone and Mrs. F. A. Morgan, and P. E. Kimball were entertained at L. R. Rounds', Friday evening. A delicious supper was served, after which there was a lively game of whist.

L. R. Rounds, Jr., was the high point man. Wesley Ring has finished chopping on Gorman Hill for Clarence Smith.

A party of five ladies walked to South Waterford, Saturday evening, March 12, and attended Grange meeting. A fine program was put on by the committee for the evening, which received a high score.

Refreshments were served after the meeting closed. Friday night, March 11, just before dark, five partridges were seen in one of the trees in George Wheeler's front yard.

Partridges are often seen budding the trees, but they seldom come so near a house.

There was a delightful supper party, numbering twelve people, at the home of Mr. and Mrs. Harold Pike, recently. The table was beautifully decorated, and the guests were loud in their praises of the supper. A jolly game of cards was enjoyed during the evening.

There was a fine snow crust for several days recently, and "crust parties" have been the order of exercises nearly every morning.
